SPG v2.0 - MB WAY Call in App

Jul 2023

MB WAY - Call in App

The MB WAY Call in App is a new feature that will automatically open the MB WAY app to approve the payment.

Only works on MB WAY app version 2.20 or higher.

MB WAY - Call in App

To invoke the call in app, **first the Merchant App needs to consult the OS and verify the MB WAY app version installed.** If the app version is 2.20 or Higher, the Call in App is available. To call, a parameter is added to the purchase request (no changes needed to the checkout request)
